

Richard, a 72 year old man, is a retired admiral living outside Louisville, Kentucky.

Richard recently moved into a large estate with over a dozen rooms. Due to the fact that Richard lives alone, having such a large home makes him feel lonely. Therefore, his intention is to design each room around a separate theme. The hope of bringing a unique design to each room is to satisfy his lonely atmosphere, in addition using the designs as conversation starters with his guests.

After realizing the goal of designing each room with a separate theme Richard found an old card for “Wondrous Creatures by Sandra Klink.” He then wrote an email to the artists email address on the back of the card, but wished there was a website to view more recent information regarding the artist and her artwork.
